Church

LDS Bench Creek Branch
of the Woodland Ward
It was a one-room frame
building located immediately
West of the Bench Creek
School.

The Sunrise Canal
came out of Provo River
and was divided at
? Moon's place to irrigate the whole Bench of
Bench Creek.

The canal used to be open, but now is in a pipe, and begins east of Jimmy Duncans home, coming out of Big South & Little south Forks of Provo River.
